

ATLANTS SOLAR MOBILE TRAFFIC LAMP - SEMÁFORO MOVIL SOLAR

Please note: 1). Signal Light Module quantity is adjustable, could be 1 side / 4 sides x 1 pc/side, 2 pcs/side or 3 pcs/side; 2). module type could be Full Screen or Arrow Signal; 3). the prices depends on types.

Specification	REF. ATL-SMB-TRAF050	Dia 200mm Full Screen Portable Solar Traffic Light
Solar Panel	Power	18V/50W
	Lifespan	25 years
	Material	Mono-crystalline
Shell	Type	Ø5mm high-luminance LED
	Light quantity	66 pcs/ Light Module; 9 pcs Light Modules
	Lifespan	>100,000 hours
	Color	Red/Yellow/Green
Battery	Upper part	Transparent polycarbonate
	Lower part	Aluminium
Working Environment	Type	Free maintenance solar battery
	Power	80Ah
	Voltage	12V
Visibility	Temperture	--25°C ~ + 75°C
	IP	65
other parts	(Approx) 1000m	
Packing List	Yellow Base box and Pole	
	Gross Weight	220KG
Other info	Volume	0,6 m3
	Backup time	3-5 days
	Pole height	Adjustable
Other info	Power	≤15W
	Shell material	Anti-UV Polycarbonate

Color	LED Qty(pcs)	Illumination intensigy (mcd)	Visual angle (°)	
			L/R	Alow
	Red color /66 pcs	5000 ~ 8000	30	30
	Yellow color /66 pcs	7000 ~ 8000	30	30
	Green color /66 pcs	10000 ~ 13000	30	30

Work Mode a 22-phrase Traffic Signal Controller inside to adjust the Traffic Light emitting direction
